GROWING A GREENER AUSTRALIA

## **Sunflower:**

1. Application 3 Kg when plant is about 20 cm
2. Application 3 Kg 14-21 days later
3. Application 3 Kg 14-21 days later, before plant is too high to pass over

## **Sugar beet:**

1. Application 3 Kg when plant is about 20 cm
2. Application 3 Kg 14-21 days later
3. Application 3 Kg 14-21 days later, before plant growing lines are closing

Further treatments: If possible a further treatment 21 days later

## **Sugar cane:**

1. Application 3 Kg after planting or when plant is about 20 cm
2. Application 3 Kg 21-28 days later
3. Application 3 Kg 21-28 days later

Further treatments: if possible without damaging the plant 21-28 days later

## **Flower:**

### **- Rose, ornamental Flower:**

1. Application 3 Kg when first leaves are out
2. Application 3 Kg 14-21 days later
3. Application 3 Kg 14-21 days later, before plant is too high to pass over

## **Grass:**

1. Application 3 Kg after cutting
2. Application 3 Kg 7 -14 days later
3. Application 3 Kg 21 days later

# ZEOGROW

GROWING A GREENER AUSTRALIA

## **Nursery:**

1. Application 3 Kg once there are small sprouts
2. Application 3 Kg 7 days later
3. Application 3 Kg 14-21 days later

## **Tree, Energy Plant, Miscanthus etc.**

1. Application 3 Kg when plant is replanted or leaves are about 20 cm high
2. Application 3 Kg 14-21 days later
3. Application 3 Kg 14-21 days later, before plant is too high to pass over
